FYI, I haven't had any time today to even start thinking about this, and I just re-read and saw it's on a super tight turnaround (and I'm out of the office after tomorrow).

Can anyone else pitch in? Can we pull talking points from things we've done with GAO? Maybe pull Ted in?

Dear Mary and Gina,

OPARM received noticed that IRIS will be on the Agenda for the FY 2015 End-of-Year Management Integrity Meeting on October 15th. Chris Robbins will be attending for ORD and providing a brief status update on IRIS.

Would it be possible for NCEA to develop talking points for Chris Robbins on IRIS' progress this year? We committed to providing completed briefing materials to Chris on Tuesday, October 13th and ideally these talking points will be reviewed by others in IOAA prior to Tuesday. Therefore, please provide us talking points as soon as possible so that I may begin circulating them through IOAA for review.

I have included previous emails on this topic as background below. Please let me know if you need any additional information.

Thank you very much for your assistance.

Hi all,

This is a follow-up to my earlier email regarding the EOY meeting. It has been decided that offices with the lead for one of the weaknesses/significant deficiencies will have the opportunity to do a brief status update at the meeting on October 15. If you have not done so already, please let me know who from your organization will be presenting.

Thanks,
Annette

Thanks, Kami, this is very helpful! I'll share this heads-up with Vince, Gina and our communications guy. Since the FMFIA report was prepared just a couple of months ago, it's not really old or out of date, but we can consider if there is anything new to add.

Hello Mary,
It was great talking to you today at Management Council. As a heads up, the OCFO has scheduled a senior meeting with the Program Offices and Regions October 15. Chris Robbins will be attending for ORD. There is the possibility that IRIS will be on the agenda for a status update.

I've attached the FMFIA IRIS Status Update response but did not know if there were any other updates that you thought was worthy of including (just in case).

Let me know what you think.

It may not, but there's a possibility ORD will be on the agenda to discuss the status of IRIS. At this time they are not, but it could change once I brief the Deputy CFO and Deputy Administrator. I'll let you know.

Thanks,

Annette
